LINDA MORRISEY, *Village Treasurer*
JONNEIGH M. ADRION, *Village Clerk*

May 2, 2024

The Village's sanitary and storm water sewer improvement project is progressing steadily, and its anticipated completion date is shortly prior to Memorial Day. It's at that time the Village will begin registering people for Tennis Court usage and the wagon park will reopen.

1. The Tennis registration process will be the same as prior seasons. Previous customers will be notified via email and notices will be posted on the website.
2. The Wagon Park will reopen at this time with a different configuration. Wagons will no longer be suspended on pipes but will remain on the ground. A permitting system is being discussed.
3. The Ferry boarding/disembarking process will remain the same.
4. Until the construction project is complete water taxis will not be able to land at the transient dock. Fire Island Ferry water taxis will be diverted into the Ferry Marina. All other water taxis/limos will be diverted to the far west finger dock (by Maguires).
5. We are anticipating the transient marina to be open prior to Memorial day weekend, however, possibly not at full capacity right away.

Joseph DiFrancisco
Village Administrator
