

OBYG Lunch Bunch

We're excited to offer a supervised bagged-lunch option for our campers ages 5-9 this summer in the Community House. We look forward to hearing your feedback and working together to make this a successful and fun program.

How does it work?

Sign your camper up for Lunch Bunch by the week (\$50) when you register for camp or in the main office on Mondays (\$75). We will have a designated counselor handling all lunch arrangements.

What do I need to pack for my child?

Send your child with a bagged lunch and water bottle clearly marked with his or her name and group number. His or her head counselor will collect the lunches when they arrive at camp and keep them in the office refrigerator until lunch time. We will have water jugs for refills. Campers must bring a lunch and will not be permitted to leave camp to purchase food or ask the designated lunch counselor to do so.

My child doesn't need the full hour to eat. What can he do when he's done?

We have a variety of games he can play in the Community House and on the deck. We will also supervise the campers in the playground. Campers will not be able to leave the area and walk around town.

Who will be watching the campers?

We will have at least 1 head counselor per 6 campers.

What if I signed my child up for lunch and there's a change in plans?

You'll need to call our office and let our lunch counselor know. You will receive a credit for lunch supervision on another day, but no refund.
