MEDICAL/DISABILITY PERMIT APPLICATION

PHYSICIAN'S STATEMENT FOR APPLICANT'S NEED OF MEDICAL PERMIT

Dear Physician:

The Incorporated Village of Ocean Beach is an island community without cars, two long city blocks wide and ten short city blocks long. Bicycle riding is prohibited in the summer season when the sidewalks are congested with pedestrians for the safety of bicycle riders and pedestrians alike.

In-season permits are granted for those persons with medical problems for whom bicycle, adult tricycles or single seat motorized carts are safe and who require these assisted modes of transportation because of their problems in order that they may obtain household necessities.
